

**REMARKS**

This Amendment is submitted supplementary to the previous Amendment and in connection with the Advisory Action of August 5, 2005.

In the Advisory Action the Examiner indicated that he did not enter the Supplementary Request for Reconsideration of July 27, 2005. At the same time, the Examiner indicated that claims 1-4 and 9 were rejected, while claims 11-15 allowed.

In connection with the Examiner's indication of the rejection of some claims and allowability of other claims, applicant submitted the present Second Supplemental Request for Reconsideration in which the rejected claims were cancelled.

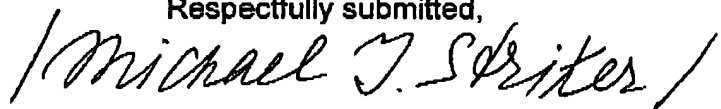

Claims 11-15 which were indicated as allowed by the Examiner have been retained as they were.

It is therefore respectfully submitted that the present application now contains only the claims which were indicated as allowed by the Examiner.

Reconsideration and allowance of the present application is most respectfully requested.

Should the Examiner require or consider it advisable that the specification, claims and/or drawings be further amended or corrected in formal respects in order to place this case in condition for final allowance, then it is respectfully requested that such amendments or corrections be carried out by Examiner's Amendment, and the case be passed to issue. Alternatively, should the Examiner feel that a personal discussion might be helpful in advancing this case to allowance, he is invited to telephone the undersigned (at 631-549-4700).

Respectfully submitted,

Michael J. Striker  
Attorney for Applicants
